ANNUAL REPORT

ACADEMIC YEAR 2024-2025

Sanjivani University, a premier institution established under the renowned Sanjivani Group of Institutes was officially launched on 18th April 2024. With a proud legacy of 40 years of dedicated service to a diverse student community, the university marks a new chapter in academic excellence. The official notification for its operation was also received on the same date.

The vision of Sanjivani University is to emerge as a globally recognized University in Engineering Education, Research, Innovation and Entrepreneurship in order to produce effective industry ready graduates for serving our country.

Sanjivani University focuses on making our student fraternity industry ready from the day they leave the portals of our University.

The following schools are operational under the University:

1) School of Engineering and Technology
2) School of Commerce and Management

The following programs are offered under the respective schools:

1) School of Engineering and Technology

   i) B.Tech Computer Science and Engineering

   ii) M.Tech Computer Science and Engineering

   iii) PhD Computer Science and Engineering

2) School of Commerce and Management

   i) Bachelor of Commerce

   ii) Bachelor of Business Administration

   iii) Master of Business Administration

   iv) PhD in Commerce and Management

Sanjivani University prioritizes in creating industry ready graduates excelling in the skills and knowledge to meet the evolving needs of the industries. Hence, Sanjivani University has successfully signed an MoU with IBM for empowering the following programs with their industry powered curriculum:

1) IBM powered BTech AI and DS Program
2) IBM powered BTech AI and ML Program

Similarly our Sanjivani University has collaborated with FortiNet, a global leader of Cyber Security solutions and services for powering our B.Tech CSE (Cyber Security) curriculum.

These industry leaders power our B.Tech curriculum to equip our students to be industry ready.

Apart from powering the B.Tech curriculum, the industries enable industry certification for each semester of our engineering graduates for excelling in their knowledge and career.

Our University had successfully implemented NEP 2020 embracing its reforms to foster holistic student development.

The BOS meeting for B.Tech computer (CSE,CS, AIDS,AIML) was conducted on 15th July 2024. The BOS meeting for BCOM, BBA & MBA was conducted on 20th July 2024. The academic council meeting of our University was conducted on 29th July 2024.

The First academic council meeting was held on Saturday, 29.06.2024. The following are our Academic Council Members:

Placement Plan and Activities

To enhance the skills of students from SET and SCM, the Placement Cell initiated an assessment test to evaluate their technical knowledge, aptitude, and communication skills. This test aims to identify areas for improvement in cognitive abilities, aptitude, and technical skills, along with communication proficiency and psychological readiness for the professional world.

Based on the assessment results, the university has introduced specialized training programs focusing on cognitive, technical, and communication skills, conducted beyond regular university hours. These initiatives aim to ensure comprehensive development. Additionally, the Placement Cell has started its activities from the first semester for students of both schools, laying a strong foundation for their future careers.

These initiatives aim to prepare students for the industry, paving the way for marquee internship opportunities and placement offers for budding engineers.
